Summary

Software Engineer II

CoreLogic Innovation Labs
July 2015 – June 2016 (11 months) Santa Monica, CA
Working with Pivotal Labs and following Agile / XP practices, I worked with teams to develop and maintain software using the Spring framework, deployed via Pivotal Cloud Foundry. The majority of my time was spent developing a Spring Web App for online mortgage processing.

Software Engineer

Logical Reality Design, Inc.
May 2015 – June 2015 (2 months) Pasadena, CA
LRD was a software consultancy, serving the small to medium size businesses. We used Ruby on Rails and AngularJS as the stack in building client projects, mainly responsive websites.

Teaching Assistant

General Assembly
April 2015 – July 2015 (3 months) Santa Monica, CA
As a graduate of General Assembly's Web Development Immersive, I served cohorts of students in achieving mastery of the course material.

WDI Student

General Assembly
January 2015 – April 2015 (4 months) Santa Monica, CA
Student in the Web Development Immersive program.

Master of Ceremonies / Host

Trivia Nights Live
October 2010 – February 2012 (1 year 5 months) Saratoga, NY
Hosted local team trivia game nights. Entertained players by providing appropriately difficult questions, a few jokes, and fostering good sportsmanship.

Chief Consultant & Technician

A. Richard Gibson
May 2004 – February 2012 (7 years 10 months) Saratoga, NY
Starting a business the summer after my freshman year of college, I grew it after graduation to provide full-service IT, hardware, and training needs of end-users and small-businesses.

District Moderator

CYPRAS, Inc.
September 2008 – June 2011 (2 years 10 months) Albany, NY
CYPRAS is a non-profit that produces Masterminds, an after-school team competition for high school students which puts teams in head to head matches testing their academic knowledge.
